ESTec Systems Corp. Update on Acquiring Encore Electronics Inc.

Edmonton, Alberta

March 10, 2011 – ESTec Systems Corp. (TSX Venture: ESE) is pleased to disclose that due diligence relating to the acquisition of Encore Electronics in Saratoga Springs New York, is continuing. Our auditors were onsite last week. Negotiations relating to financing are nearing completion. The Letter of Intent has been amended to move the Closing Date to April 30, 2011.

This allows environmental consultants snow free access to the site for an environmental review. It also provides leeway for auditors and solicitors.

The expected acquisition of Encore will allow ESTec to better serve current clients through an enhanced range of products and services. It will give the Company a stronger presence in the U.S., a wider range of clients in aerospace, power and related sectors.

For the Board,

Anthony Nelson
President
